

The “Jewel of Brunswick” Welcomes you!

Tucked quietly on the banks of the Calabash River, in among the whispering pines and unspoiled natural beauty of the Carolina coast you will find The Pearl Golf Links. Coupling the beauty of a 900-acre marsh preserve and the ingenious design of architect Dan Maples, these two golf courses (Pearl East and Pearl West) have become a seaside legend, luring player's back again and again. Sometimes it's where you play that affects how you play.
